

**Please read this brochure or
call us before bringing things
to the store to donate**

This is a *partial* list of items that we can't accept. The wide variety of items brought to the store to donate makes it impossible to list them all.

If possible, send a picture of your items to us attached to a text msg to 360.683.7862 and include the words: "Donations - can you take this?"

- We may pass on seasonal items.
- We may pass on things we have a lot of in stock.
- We simply don't have time to fix items that are damaged or don't work.
- We can't take particle board furniture because it can fall apart when moved and it often contains formaldehyde.
- We must pass on items that are not assembled because the parts get scattered or get sold separately.
- Expired fire extinguishers can't be recharged.
- The items we can't take because they are prohibited by law are noted in the WHAT WE DON'T ACCEPT list.
- Some things just don't sell.
